The South Dakota Immunization Information System (SDIIS) is an automated system to document vaccinations given in South Dakota. SDIIS will give parents access to their child's immunization record from any participating South Dakota provider. SDIIS also allows providers to send reminder notices regarding needed immunizations. Health care providers, health care facilities, federal or state agencies, welfare agencies, school or family day care facilities may have access to this information in accordance with applicable HIPAA Privacy Act standards and requirements*. Immunization records remain confidential, and any person who fails to protect the information is guilty of a Class 1 misdemeanor. If you choose NOT to have you/your child's immunization record shared with other providers, you may request a refusal form.

Please answer the following questions for the person to be vaccinated.

	Yes	No	Don't Know
1) Is the person sick today?	_____	_____	_____
2) Does the person have an allergy to eggs or to a component of the vaccine?	_____	_____	_____
3) Has the person ever had a serious reaction to influenza vaccine in the past?	_____	_____	_____
4) Has the person ever had Guillain-Barré syndrome?	_____	_____	_____

I have been provided a copy of and have read or have had explained to me the information about influenza and the vaccine listed below. I have had a chance to ask questions that were answered to my satisfaction. I believe I understand the benefits and risks of the vaccine and ask that the vaccine be given to me or the person named above for whom I am authorized to make this request.

If covered by private insurance, I authorize SDDOH to release medical information necessary to determine benefits payable for this service. I understand I am financially responsible regardless of insurance coverage.
